

LUDWIG SCHNEBEL - MANIFESTO

My family and I have been fortunate to live in Silver Lakes Golf Estate since 2006. We consider Silver Lakes our home and intend to live here and be part of this community for a long while to come.

I believe that all residents have a role to play to make this estate great and a joy to live in. The security of the estate contributes in a huge way to the lifestyle of the Silver Lakes community. I believe that I am able to contribute and add value to our community by serving on the Home Owner's board as Security Director.

I am a businessman and property investor with 20 years of experience in property development and facilities management. I graduated with a B.Eng degree from Rand Afrikaans University and gained 10 years of experience as a consulting engineer.

I am committed to employ my business and technical skills and the experience that I have gained in my career to maintain and improve the implementation and execution of the security strategy in Silver Lakes.
