

Ohad Eldar – Security Trustee Nomination

Dear Members,

I am Ohad Eldar, candidate for the security trustee position. Born in Israel, moved to South Africa in 2010 with my wife (Adva) and kids (Ella & Eitan) and has been living in Silver Lakes Golf Estate since then.

My security background starts in 2000 when I joined the Israeli Special Forces. After 3 years of service I was recruited by the Israeli security agency (equivalent to the US secret service) and served there for 7.5 years, during the years of service in the agency I completed my BA in Business administration and Marketing. In 2010 I joined the Foreign Security department and was sent to South Africa to serve for 2 years as the Head of Security of the Embassy of Israel. Today, I am holding the position of Operations & Regional Security Manager in Amdocs South Africa Joint Enterprise and also providing security consultation to the private and commercial sector.

As a home owner, a resident and a father I wish to provide my family and friends the best security especially in their home. I believe that my vast experience and knowledge in the security field will contribute and improve the overall security level in Silver Lakes Golf Estate while maintaining minimum interference to daily living & lifestyle in the estate.

We all want Silver Lakes Golf Estate to be voted again as the safest estate.

For that we need a fresh perspective that will bring the best solutions without any compromise.

I aspire for excellence and that is what Silver Lakes Golf Estate needs.

Best regards,
Ohad Eldar
