STRAY / FERAL CAT POLICY

Purpose of the Policy

The purpose of this policy is to set out the policies and procedures in relation to stray cats or feral cats / kittens found in communal areas by residents and employees and / or visitors in Silver Lakes Golf and Wildlife Estate.

Responsibility

Should a resident find a stray cat or feral cat / kittens on their property / residence they may contact the below shelters to rehome them or can take them to a rescue centre the cost will be for the residents own account .

Residents must ensure that their pets are either microchipped or are fitted with collars and a disc reflecting the stand number, owners name and telephone number. This will ensure that residents are contacted if their pets are captured.

Policy

Silver Lakes Golf Estate and Wildlife Estate will attempt catch any stray or feral cats / kittens that are found on communal areas in the Estate and send them to an animal shelter as the SLHOA do not have facilities to home or shelter stray or feral cats / kittens.

Residents, children or staff should not attempt to catch, play or provoke any stray or feral cats / kittens as they are wild and may result in an injury and therefore suggest you contact a professional to assist with their capture. The Silver Lakes Homeowners Association has provided a list of shelters in the area that can be contacted below.
