CAT POLICY

Purpose of the Policy

The purpose of this policy is to set out the policies and procedures in relation to stray cats and feral cats/kittens found by residents, employees and/or visitors in Silver Lakes Golf and Wildlife Estate.

Responsibility

Should a resident find a stray cat or feral cat/kitten on their property/residence may contact the below shelters to rehome them or take them to a rescue centre.

Residents must ensure that their pets are either microchipped or are fitted with collars and a disc reflecting the stand number, owner's name and telephone number. This will ensure that residents are contacted if their pets are found roaming.

Please note that it is a municipal requirement that all domestic animals are neutered.

Policy

Silver Lakes Golf Estate and Wildlife Estate will attempt to catch any stray cats and feral cats/kittens that are found in communal areas in the Estate and send them to an animal shelter as the SLHOA do not have facilities to home or shelter stray cats or feral cats/kittens.

Residents, children or staff should not attempt to catch stray cats and feral cats/kittens as they are wild and may result in an injury therefore suggest you contact a professional to assist with their capture.
